Attention all Dog Project Members and Dog Lovers

The canine flu has hit California with a vengeance. Canine Influenza, or dog flu, is a highly contagious virus with 72 reported cases in California in the past month and a half. Symptoms of Canine Influenza include fever, cough, sneezing, nasal discharge, lethargy, and loss of appetite. Some dogs do not show any symptoms at all. Most dogs recover with care in 2-3 weeks, but more serious complications can occur, including pneumonia and death. Canine flu is spread by direct contact and/or contact with contaminated items such as bowls or toys. The virus can survive for 1-2 days on hard surfaces. Canine flu can spread rapidly at places dogs get together. Avoid dog parks until this disease has subsided. Young dogs are especially at risk as are older ones.

Owners should take their animals to a veterinarian if they are sick, and not take their dogs out in public or to other places where they will encounter other dogs, if they are showing signs of illness. Pets should be kept up to date on vaccines.

Dog project members should visit Dr. Zachary. Let him know you are in the dog project and he will only charge you for the vaccine. If you go to another veterinarian make sure they are using the most current bivalent form of the vaccine, made by Merc. This brand seems to be the most effective in combating this disease. This vaccine can be expensive. It comes in a series of two shots, two weeks apart.

Please notify Claudia Burk when you have your dog vaccinated so she can track it on your records. Claudia Burk home 393-1914/cell 303-8343

2018 National 4-H Shooting Sports Workshop
Clover Woods Camp, Madrid, Iowa
May 6-10, 2018

The National 4-H Shooting Sports Workshop is designed for current 4-H shooting sports leaders who want to step up and become certified as State Instructors and support their state training team. As a State Instructor you are expected to host training workshops in California to certify new shooting sports leaders. This is not a workshop for novices wanting to become a shooting sports leader for a club project.

The workshop registration/check in is from 3:00 pm to 5:00 pm on Sunday, May 6 with the program beginning at 6:00 pm. Participants are expected to arrive on time and participate in all parts of the program. The registration fee listed on the workshop application includes the cost of meals, dormitory lodging, program and insurance. The workshop is being supported by the National Shooting Sports Foundation, Federal Ammunition and other donor supporters.

Registration fees and deadlines as follows:
March 31, 2018: $360 per person
April 1 – April 15, 2018: $400 per person
Checks payable to:
Iowa State University Extension
No Registrations Accepted After April 15, 2018

Participants completing the course will be certified in one of the following disciplines:
Archery, Coordinator, Hunting, Muzzle Loading, Pistol, Rifle, Shotgun, and Western Heritage

In order for a participant to attend a National 4-H Shooting Sports Workshop, s/he must meet the following:
1. Be a 4-H certified leader in the discipline in which enrolled. (With State training opportunities limited in the Western Heritage discipline, teaching experiences in similar programs or in other disciplines will be considered.) Understand that this is a National 4-H instructor training with the expectation that the participant return to their respective state to become a member of their state training team where they will commit to assist in teaching one state workshop annually for 3 years.
2. Have a minimum level of experience teaching in the discipline to be determined by each discipline instructor(s).
3. Have interest in 4-H, positive youth development, and S.T.E.M.
4. Endorse the Train-the-Trainer concept in 4-H Shooting Sports.
5. Have experience teaching youth and/or adults.
6. Have current 4-H Volunteer status or Extension Faculty status in their state.
7. Have been recommended by their State 4-H Shooting Sports Coordinator.

If you are interested in attending this event, contact John Borba, California 4-H Shooting Sports Coordinator, for an application and more information at: jaborba@ucanr.edu or phone (661) 868-6216.

This project covers the information required to take the California hunter education test and obtain your hunter safety certificate. The hunter safety certificate allows you to purchase a hunting license or hunt in other states that require proof of having passed a hunter education course. The project is open to junior, intermediate, and senior 4-H members (no Cloverbuds). The six meetings will take place at the UC Cooperative Extension Office, 1031 S. Mt. Vernon Avenue, Bakersfield. Students should bring a writing utensil and paper to each class.

At the end of this course, each student is expected to demonstrate proper safety procedures with firearms and pass the written exam with a minimum passing score of 80% or better. Failure to pass the written exam prohibits the student from obtaining his/her hunter safety certificate, and she/he must retake the entire course. State law requires that each student attend every session. Missing one or more class sessions automatically drops the student from the course. Being tardy for class is also grounds for dropping a student.

Class size is limited to 25 students. You must register for the course online by going to this link: https://www.register-ed.com/programs/california/160 This will be a “traditional” course so you will need to look under the registration link for traditional courses in Bakersfield.

A special message from the Playa Del Sur 4-H Club…

We have a club in the south area of Santa Barbara County that has been hit hard by the fire, floods and rains that have been happening since December. Here is a little information about them:

The Playa Del Sur 4-H Club located in Carpinteria, is currently dealing with the 5th evacuation since their livestock facility flooded on Tuesday January 9, around 4:00 am when the Arroyo Paredon Creek overflowed. The overflow directed mud and debris over Foothill Road through the club’s livestock facility. The mud and debris flow tore through the 4-H livestock farm and swept away most everything the group owned—lamb pens and houses, tack room, generator, livestock scales, all show supplies and equipment, tools, wheelbarrows, feed, and more. With ongoing mandatory evacuations, they have had to move 7 livestock animals and can only move 3 animals at a time, so evacuation has been time consuming.

The effect of the flooding is far from over, now faced with mandatory evacuations and the ongoing task of rebuilding and caring for their livestock has become a formidable undertaking. As you can imagine, Playa del Sur membership is tired, and they are working hard to keep a positive attitude while they figure out a plan for their livestock facility.

Although there was no loss of life suffered by our Cooperative Extension Family—thank goodness—too many members and their families have suffered; jobs have been affected and homes had to be evacuated, some even destroyed. Times like these help us to remember and focus on the important things in life, like this community that has come together in the face of tragedy. Our thoughts are with the members and families of the Playa Del Sur Club, along with the UC Master Gardeners who were affected, as they are a beloved part of our Cooperative Extension family. We wish everyone the best as they continue to put their lives back together.

The members of Playa Del Sur 4-H are extremely grateful for those who have contributed to the rebuilding process. A parent volunteer from one of our clubs has organized a list of the club’s inventory that was lost or destroyed and has asked that we share this information out.
