Final Medal Testing for this Year

The Final Medal Testing of this year will be Tuesday, June 5th at 6:00 pm at the 4-H office. This is your last chance to pass that test and earn a medal for your hat before the year is done. Please remember you may only pass one level per project per year. You may take a maximum of three tests at one event if time permits. Seniors in their last year may take more than three tests and may pass more than one level per year.

Most all testing that was done so far this year has been scored, recorded and the results have been published in the newsletter.

We still have a number of projects in which no tests have been written and a few that could use silver and gold tests. If you would like to help in this process, please call or email me. If you could come up with just a question or two, it would be most helpful. Missing projects include: Community Pride/Service, Beginning 4-H, Citizenship and Leadership Development. Leathercraft and Food Preservation both need silver and gold tests. Study guides are also needed.

Thank you,

Sue McKinney

2018-2019 State Program Fee Increase

Dear 4-H Families,

4-H is the first and largest youth development organization in the world, and for over 100 years has been preparing young people ages 5 to 19 with the skills they need to lead for a lifetime. The University of California, Division of Agriculture and Natural Resources administers 4-H and provides significant support to cover operational costs, including funding for nearly half of all county-based staff positions and all Advisor positions.

Annual program fees paid by members and volunteers help support fundamental services, including insurance, program development, resources, events, required online systems, and staff to sustain and enhance exceptional programming for nearly 92,400 members and 13,500 adult volunteers.

Over the next five years, state program fees are projected to increase to cover increased costs for program operations. For the 2018-2019 program year, starting July 1, 2018, fees will be $54 for youth and $18 for adult volunteers. We believe that 4-H should be accessible to everyone and, therefore, fee waivers will continue to be available for qualifying families (contact the local County 4-H Office for more information). 4-H is still relatively inexpensive compared to other youth activities such as youth football or soccer (which start at several hundred dollars a season). And, youth who participate in 4-H are likely to excel in school, participate and be interested in science, make more healthy choices, contribute to their communities and thrive today and in the future. The lifelong benefits are priceless!

The State 4-H Office will continue to raise funds to help alleviate projected increases and develop new revenue streams to support 4-H in order to keep costs as low as possible for families.

MARKET LAMB HEALTH

The state veterinarian has been informed that some market lamb youth have been using an unapproved product (melatonin) in project animals. Please share the information below widely so we can stop this ILLEGAL activity.

Although melatonin is available over the counter as a sleep aid/regulator for humans, it is classified as a dietary supplement and therefore not approved by the Food and Drug Administration (FDA). The FDA does not approve or license dietary supplements; it only tests them for safety (no contaminants, etc.).

Melatonin is a hormone. It is approved for use in food animals in other countries, but in the U.S., it is only approved for use in mink “to accelerate the fur priming cycle.” See the info below from the FDA site; it specifically says “do not use in food-producing animals.”

Because melatonin is not approved for use in food animals in the U.S., no withholding times have been established for it. This means the residue tolerance level is ZERO. The Food Animal Residue Avoidance Database says no recommendations can be made regarding withholding times to achieve zero residue in animals that have been treated with this hormone.

Do not confuse this issue with extra-label drug use (ELDU). ELDU is permissible under the guidance of a farm’s veterinarian in specific circumstances (details at https://www.fda.gov/AnimalVeterinary/GuidanceComplianceEnforcement/ActsRulesRegulations/ucm085377.htm). A critical aspect of ELDU: “it is limited to circumstances when the health of an animal is threatened, or suffering or death may result from failure to treat. This means extra-label use to enhance production is not permitted.” Uninformed or unscrupulous sheep producers use melatonin to enhance wool/hair growth and to calm excitable animals; these are production issues (and “show animal” production issues at that), not health issues, so this use does not fall under legal ELDU. Additionally, ELDU only pertains to medications approved by the FDA for animals or humans; melatonin is not approved by the FDA. For a comprehensive and up-to-date resource of FDA-approved medications, see https://animaldrugsatfda.fda.gov/adafda/views/#/search.

Summary

- Melatonin is not approved for use in food animals in the U.S.
- Using melatonin in food animals violates federal food safety regulations
- Using melatonin never qualifies for legal extra-label drug use
- Penalties and incarceration are possible when food safety regulations are violated
- It is critical for food animal producers to use credible sources to thoroughly investigate the legality of any products they use in or on their livestock
- Use of unapproved medications threatens the reputation of all youth-grown food animal products, risks exclusion of youth market animals from processing plants, and endangers the future of youth livestock market sales
VIRULENT NEWCASTLE DISEASE CONFIRMED IN A BACKYARD CHICKEN FLOCK IN LOS ANGELES COUNTY

SACRAMENTO, May 18, 2018 - The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle disease in a small flock of backyard exhibition chickens in Los Angeles County. The detection has been confirmed by the United States Department of Agriculture’s (USDA) Animal and Plant Health Inspection Service (APHIS). This is the first case of virulent Newcastle disease, previously referred to as exotic Newcastle disease, in the U.S. since 2003.

Virulent Newcastle disease is not a food safety concern. No human cases of Newcastle disease have ever occurred from eating poultry products. Properly cooked poultry products are safe to eat. In very rare instances people working directly with sick birds can become infected. Symptoms are usually very mild, and limited to conjunctivitis and/or influenza-like symptoms. Infection is easily prevented by using standard personal protective equipment.

CDFA is working with federal and local partners as well as poultry owners to respond to the finding. State officials have quarantined potentially exposed birds and are testing for the disease.

It is essential that all poultry owners follow good biosecurity practices to help protect their birds from infectious diseases. These include simple steps like washing hands and scrubbing boots before and after entering a poultry area; cleaning and disinfecting tires and equipment before moving them off the property; and isolating any birds returning from shows for 30 days before placing them with the rest of the flock.

In addition to practicing good biosecurity, all bird owners should report sick birds or unusual bird deaths through California’s Sick Bird Hotline at 866-922-BIRD (2473). Additional information on VND and biosecurity for backyard flocks can be found at https://www.cdfa.ca.gov/ahfss/Animal_Health/Newcastle_Disease_Info.html.

Background

Virulent Newcastle disease, formerly known as exotic Newcastle disease, is a highly contagious and deadly virus in birds; the virus is found in respiratory discharges and feces. Clinical signs in birds include sneezing, coughing, nasal discharge, green watery diarrhea, depression, paralysis, decreased egg production, swelling around eyes and neck, and sudden death. Images of some of the clinical signs are available here.

California 4-H State Horse Classic

Murieta Equestrian Center in Rancho Murieta, CA
June 27 - July 1, 2018
Registration now open!!

Early Bird Entry Deadline May 1, 2018

Important Information

This year, the Equine Planning Committee has decided to use a new registration program, Horse Showing.com for Horse Classic registrations. Unfortunately, we cannot change the class cost to the early bird cost of $15. If you register by the Early Bird Deadline, the cost of each class is $15 and not $20. In order to fix this correction, there are a few options. You may:

- Adjust the amount owed on your payment to reflect the $15/class (Ex. 5 classes @ $20=100; adjust to 5 classes @ $15=$75)
- Pay the total amount due. The committee will adjust the amount and issue a refund no later than the conclusion of Horse Classic
- The refund amount can be used towards a purchase of Horse Classic Shirt, Hat, or donation.

We apologize for any convenience this may have caused. If you have any questions, please feel free to contact Shauna Bond, Show Manager, or Jessica Bautista, State 4-H Liaison.

For more event information, please visit the CA 4-H Horse Classic website or you may contact:

C4-H NYSD 2018: Code Your World

This October, 4-H and Google will launch an exciting National Youth Science Day challenge, Code Your World, which invites kids to get involved in computer science through hands-on doing.

Code Your World is a four-part computer science (CS) challenge that teaches kids to apply CS to the world around them through hands-on activities. Developed by West Virginia University Extension Service and Google, it includes a computer-based activity on Google’s CS First platform and three unplugged activities that bring coding to life through games and interaction.

Code Your World uses games and hands-on fun to teach kids important CS and computational thinking concepts, and is perfect for first-time and beginner coders ages 8-14.

Sign up using this link to stay updated with resources and ways to get involved with National Youth Science Day and Code Your World!

Have your club help us collect data and win $100 worth of goods from Shop 4-H (https://shop4-h.org/).

California 4-H recently joined 9 other states in the “Common Measures Challenge Cohort” funded by National 4-H Council. The goal of this challenge is to collect data from our youth to help inform professional development strategies for both staff and volunteers. This data can help us showcase the impact of 4-H!

Data will be collected via the Online Record Book, and also through emails sent via Qualtrics to youth. The survey will come from Dr. Kendra Lewis at the State 4-H Office to all enrolled youth.

We are reaching out to you for help in collecting data in your club. Please have youth in your club complete the survey that will be sent by Dr. Lewis (check your spam inbox for an email from noreply@qemailserver.com). Or you can log into the Online Record Book https://4horb.ucanr.edu/login.cfm and take the “Blue” survey. Data must be collected by July 31st.

As an incentive, the top two clubs in the county that have the highest percentage of youth complete the survey will receive the opportunity to select $100 worth of goods for the club from Shop 4-H. The breakdown for the prizes will be as follows:

One $100 prize for the club with 5 - 29 members who has the largest percentage of members take the survey.

One $100 prize for the club with 30 plus members who has the largest percentage of members take the survey.

The winning clubs will be announced in September after the data is tabulated.

This work will greatly help us in understanding the impact of our program and informing professional development in our state. We appreciate your willingness to help us collect data!

**Information regarding CDFA Antimicrobial Use & Stewardship Educational Materials for Youth Agriculture. Please share as needed.**

A message from Roselle Busch, DVM:

We are writing to inform you of the educational materials the Antimicrobial Use & Stewardship program has developed to ease the transition into compliance with the new legislative requirements surrounding antibiotic use in livestock. We prioritized this Guidance in order to make it available before fair season starts in earnest. These resources may answer questions and provide guidance for forming a relationship with a veterinarian as a youth agriculture group instead of an individual. The documents below, but may also be found on our website (https://www.cdfa.ca.gov/ahfss/AUS/AnimalHealth.html) under the Veterinarian-Client-Relationship (VCPR) panel. We hope you find these materials useful and if so, distribute them to your interested constituents. Thank you.

**Hi everyone!**

4-H Dog Project Meetings will resume in July starting on the 5th. We will meet every Thursday and on the 26th we will have a Progress show of our own to see where we are and do Fair entries. August information to follow.

And please feel free to call me on my cell with any questions or concerns. Record Books that require my signature should be done early..you may not catch me in June!!

Kern County 4-H Club Treasurer Book

Judging Guidelines

All club Treasurer Books must be submitted to the Cooperative Extension Office for review, whether or not they are being considered for competition. If you would like to have your Treasurer’s Book judged, include a copy of the Club Treasurer Book Judging Form along with the book when you turn it in. Be sure to have it as the first page of the book. The Treasurer’s book must contain a completed 4-H Club Peer Review Report and a 4-H Year-End Peer Review Checklist. You may use a standard ACCO-type folder or a three ring binder. Use dividers between sections. The Treasurer’s Book is to be organized as follows:

4-H Club Peer Review Report (Form 8.5)

(http://www.ca4h.org/files/19876.pdf)

Year-End Peer Review Checklist (Form 8.6)

(http://www.ca4h.org/files/19877.pdf)

Annual Financial Report (Form 6.3)

(http://www.ca4h.org/files/23114.pdf)

Monthly Ledger Reports (Form 8.1)

(http://www.ca4h.org/files/23115.pdf)

Annual Inventory Report (http://www.ca4h.org/files/19875.pdf)

4-H Club Budget (http://www.ca4h.org/files/23117.pdf)

(Optional) Reconciliation Statement on Outstanding Checks

The book may be typed or handwritten. Use the Club Treasurer Book Judging Sheet as a guide when preparing your book.

COMMON 4-H RECORD BOOK QUESTIONS

WHY DO WE DO 4-H RECORD BOOKS? Record Books help you with your organizational skills and allow you to demonstrate your project knowledge, show how you helped others & celebrate accomplishments! They are very helpful for future college, job, and scholarship applications. It is fun to go back to your early record books and see what you were doing. Record Books are required to be eligible for some 4-H county awards, fair eligibility and also for state level awards.

WHAT IS AWARDED? Record Books keep track of your Star Levels, the bronze, silver, gold and platinum stars for your hat. Your Record Book can be submitted for judging in July. Excellent books receive a gold pin for your hat. State level judging can also win you an award.

HOW DO I FILL OUT RECORD BOOKS? Manuals and forms can be found on this page: http://cekern.ucanr.edu/Youth_Development/4-H_Forms_and_Resources/. These manuals can give you all the information you need, just study them carefully as it is very complicated. You will find all the forms here: http://cekern.ucanr.edu/files/264664.pdf. Forms for Cloverbuds, although not mandatory, can be found here: http://cekern.ucanr.edu/files/264661.pdf. Information about online Record Books can be found here: http://ucanr.edu/sites/4horhelp/.

WHAT DO I INCLUDE IN MY 4-H STORY? Pick a theme and build the story around that theme so the story flows naturally. See the Record Book Manual for specific questions that will help you to reflect on your year. You can include what you learned, what you liked best, what challenges you may have faced, and what you'd like to do next year. Use specific statements rather than general statements if possible (EX: I had fun learning to use clay and was able to shape mine into a cat figure instead of just saying I liked doing Visual Arts)

WHEN ARE 4-H RECORD BOOKS DUE? Record Books cover the period July 1st to June 30th. Each Community Club Leader makes the decision about when they are due. Your Community Club Leader will submit them to our office. Record Books for judging are due to the office on July 18th. So, check with your 4-H leader on their deadline.

WHAT IF I HAVE QUESTIONS ABOUT MY RECORD BOOKS? Check in the Record Book Manual first. It can be found here: http://cekern.ucanr.edu/files/264663.pdf. Also, look in the Adult Partners Guide, found here: http://cekern.ucanr.edu/files/264662.pdf. Read these documents carefully and you can usually answer your question. If you can't find an answer, ask your Community Club Leader, or another 4-H volunteer. Many of them have helped with the judging process and know what a good Record Book looks like. If you still can't find an answer email me at lsemkinney@ucanr.edu and I will do my best to help. I will collect your questions and publish them in the 4-H newsletter so everyone can better understand the process.

4-H RECORD BOOK INFORMATION

General Suggestions:
✓ Use calendar sheets or planners to record things as they happen. This will make it easier to transfer info to your 4-H Record Book forms. If you have given a talk or participated in an activity at a meeting, write it down on your information sheet to be placed on your Record Book
form. Record what you learned at each project meeting, along with the date and time spent on the activity.
✓ If you participate in a workshop or camp or other 4-H activity, again, get it written in your calendar and/or entered onto your Record Book form as soon as possible after you have participated.
✓ When you participate in 4-H shows go home and enter the information about those project areas as soon as possible after you have completed showing.
✓ Don’t save all your record keeping for the week before records are due!!

Examples of County 4-H Activities
Any 4-H workshops you have attended, 4-H Field Day, Presentation Day, Home Ec Field Day, Kern County Fair Clean Up Day

Examples of Community/Church Activities
Scouts, Library programs, sports teams, Summer reading program, Swim Lessons, Gymnastics Classes, Dance Classes, Piano Recital, Vacation Bible School

Examples of School Activities
Band, sporting teams, fundraisers, school programs - music, drama, spelling bees, science or art fairs,

THINGS WHICH COUNT AS LEADERSHIP - when you have been in charge of something, if you are team captain, when you have gotten up in front of people to present something (talks at 4-H club meetings, speaking at a school events or other 4-H functions), teaching a younger 4-H member or being a mentor.

THINGS WHICH COUNT AS PARTICIPATION - when you attend a program & are a participant, when you are a ‘member’ of a committee or a team

EXAMPLES OF COMPLETED RECORD BOOKS
These Record Books are a few of the 2015 4-H State Record Book Competition Winners. Each book was judged against the same standards and each has different strengths that merited a Winner Award. Winner status does not mean perfect--it means that the member presented a book that demonstrated enough strength, when tested against the standard, to reach a predetermined benchmark score.

**Food Safety Training Available ONLINE!**

The State 4-H Office requires that every club have at least one 4-H leader trained in Food Safety. The more leaders in your club that are certified, the more convenient it is for your club. It is required that a certified volunteer is to be present at all bake sales/food booths to make sure proper food safety guidelines are handled. Food Safety trainings are available anytime online!
