

Cover Crop Webinar Series

Shulamit Shroder
Sept 2, 2020

Interested in learning more about cover crops? Check out this free webinar series from UC Cooperative Extension Contra Costa and the Contra Costa Resource Conservation District:

FIRST WEBINAR: SEPTEMBER 9, 3-4:00PM

An Overview of Cover Cropping Benefits, Principles and Opportunities

Featuring **Billy Synk, Director of Pollination Programs for [Project Apis m.](#)**, and Manager of **[Seeds for Bees](#)**, helping growers get started in pollinator-supporting cover crops by **providing FREE or subsidized seed mixes** and technical support.

Webinar Offered via ZOOM and FREE with Registration.
